AUGUST RIDE FOR
22ND  MENTAL
OTTAWA  HEALTH

WHAT IS THE RMH?

RMH will provide a weekend experience fostering education and conversation around **mental health**.

RMH is open to **all Canadians**. We are **#InThisTogether**.

RMH brings focus to the unique mental health needs of our **Veterans, First Responders and their families**.

RMH will be impactful by fundraising to support **WWC Mental Health Services**.

WHAT WE KNOW:

Now more than ever, we are aware of the challenges and tragic impact mental health injuries have on our Veterans, First Responders and their families. The statistics present a stark reality for our country and highlight a need for action.

44.5%

Of 5,000 First Responders surveyed, 44.5% screened positive for one or more mental health injuries.

40%

In most police jurisdictions across Ontario, as many as 40% of calls involve persons with mental health issues.

1,600

CAF members released for medical reasons each year.

22%

Ontario has approximately 8,000 paramedics. Studies predict that operational stress injuries affects 22% of our paramedics.

REPEATED EXPOSURE

Between 15% to 20% of firefighters suffer from post traumatic stress because of repeated workplace traumatic experiences.

17

Average number of CAF Suicides per year from 2006-2016. This does not include Veterans.

CHALLENGING MENTAL HEALTH

We know that everyday, thousands of Veterans, First Responders and their family members are working hard to challenge the effects of trauma exposure and, for many, the symptoms of operational stress injuries such as PTSD.

The Ride for Mental Health will be more than just a bike ride. It is intended to utilize the benefits of cycling to foster:

MENTAL HEALTH EDUCATION

PLATFORM TO SHARE LIVED EXPERIENCES.

GOAL SETTING AS A MEANS TO CHALLENGE THE EFFECTS OF MENTAL HEALTH INJURIES.

FUNDRAISING IN SUPPORT OF WWC'S LIFE-CHANGING MENTAL HEALTH PROGRAMS.

HOST CITY: OTTAWA

The situation facing the mental health and wellbeing of our Veterans, First Responders and their families knows no provincial boundaries. This is a national issue and, as such, why we felt it was important to host our Ride for Mental Health in our nations capital.

Ottawa is also home to significant sites that honour the service and sacrifice of uniformed service members, some of which will be incorporate into the route.
